

Happy Teddies

5 happy teddy bears were jumping on the floor,
One teddy jumped away, and then there were four.

4 happy teddy bears went to the sea,
One got buried in the sand, and then there were three.

3 happy teddy bears were painting red and blue,
One got paint all over her, and then there were two.

2 happy teddy bears were having lots of fun,
They were playing hide and seek – whoops!

Now there's only one.

One happy teddy bear had a special day,
He had a party for his friends and they all came back to play!
He had candles on his cake, one, two three, four, five!
He huffed and puffed and blew them out –
Then they did the teddy jive!
